County Chamber To Play Major Role In Hancock

Editorial

TAKE A LONG LOOK

"Look before you leap" an admonishment we've heard since early childhood has saved all of us a bit of grief. That is, when we really LOOKED. Admittedly there isn't much point in looking unless we comprehend the meaning of the things we see. For instance suppose we look at the beach side of the street in Bay St. Louis downtown business section. What do we see? We see that Hurricane Camille has eroded the street itself and left great cave-ins, wash-outs, and crumbling and disintegrated spaces. We see, also, that long-established business houses have been destroyed to the extent that one lone building stands where prior to the storm there was a whole string of businesses serving the needs of our citizens. Our first reaction, a natural one, is "What a waste! What a pity! What a great loss!" Now it is perhaps time to take a broader look and re-arrange our thinking to some degree. Have we now an opportunity to build a better business section? A better and wider street? Have we now an opportunity to give the beautiful view of the Bay of St. Louis back to the people? Let's build Bay St. Louis and build it beautifully. Let's recommend to our city planners that no building permits be issued for erecting any structure on the Beach Side of the Beach Drive. Then let's beautify the beach. Turn it into a play-ground and park. It could be the most attractive water front area within this state. Surely it will take lots of planning and work to beautify a beach front... but then there are so many of us to do it! Why take a trip to Hawaii? Let's build our own Waikiki!

Thanksgiving Day

The annual Ecumenical Thanksgiving Service will be held Wednesday, November 26th in Our Lady of the Gulf Catholic Church, 228 S. Beach, Bay St. Louis. Baptist, Catholic, Episcopal, Methodist and Presbyterian congregations in this area will participate. Rev. R. Bernard Walton, pastor of the Main Street United Methodist Church will give the sermon. Music for the service will be provided by the Christ Episcopal Church choir.

ST. CLARE'S CATHOLIC CHURCH, Waveland, will hold a 9:00 a.m. Mass Thanksgiving morning in the Waveland Methodist Church and a 7:00 p.m. Mass at St. Henry's Church, off Highway 90, behind Ramada Inn.

ST. AUGUSTINE'S SEMINARY will hold an 11:15 a.m. Mass, Thursday, November 27th, in the main Chapel.

Dangerous Intersection Explained

Bay St. Louis city commissioner Andre Arceaneux recently pointed out to the Mississippi State Highway Department the dangerous traffic light condition that exists at the corner of Main Street and Hwy. 90, Bay St. Louis.

In a letter dated November 14th from Sidney Q. Kidd, traffic control and safety engineer for the state highway department "As you can see on the attached traffic counts, the number of motorists making a left turn from U.S. 90 is relatively small. To provide them with a protected left turn would add delay for everyone else. Therefore we do not recommend making a change at this time."

According to Arceaneux, safety of human lives is uppermost important at this intersection, not traffic counts.

Monday night the Hancock County Chamber of Commerce Board of Directors approved the hiring of a full time chamber manager, in order that the chamber can play a major role in the re-building of Hancock County. It was decided and approved to look outside the county for a qualified person.

Ruble Griffin, chamber president expressed the need of our community pulling together through an activated chamber. Other communities were

Don't Be A Statistic

Take a turkey and all the trimmings, a happy but prolonged visit with the family and add a mad rush home, all of this totals up to a possible automobile accident.

Even though any period of a long weekend holiday is considered bad, it is the return home by the millions of families that is generally the deadliest. It is estimated by national authorities that hundreds of Americans will die as a result of tragic automobile accidents during the forthcoming Thanksgiving holiday.

Safety leaders in Mississippi are extremely concerned about the prospects of a deadly holiday period. During the past year, weekend traffic accidents have accounted for a large percentage of the deaths recorded thus far. Their greatest fear is that a few careless moments could send this year's death toll spiraling out of reach.

At the present time, the difference in 1968's record and the present record is such that another reduction is highly possible. According to Commissioner of Public Safety, Giles Crisler, it is going to take a great effort on the part of both the state's motoring public and the law enforcement agencies if this goal is to be attained.

Safety must be first and foremost in every driver's mind each time he or she gets behind the wheel of a car, as the final responsibility rests heavily upon their shoulders.

pointed out, where progress had been made through the leadership of an active chamber. Our local county chamber in the past has not had enough funds to fully operate as a chamber. The board of directors discussed the need of raising dues as the only way to sufficiently finance chamber operations.

The raising of dues to a substantial amount would be beneficial to the entire county, it was pointed out by all board members. It was agreed that a budget in the neighborhood of \$35,000 to \$45,000 would be needed. Members of the board pointed out that merchants would be willing to swing full support behind an active chamber, if they felt that they were being benefited in return.

Loss of tax revenue within the county will be tremendous, was stated by one person present. The businessmen of the county would have to be the main source of getting needed funds.

Many, many problems exist within the county that can be funneled through the Chamber. One of the main being the pulling together of local merchants for a common goal was pointed out by a board member. The board agreed to start planning a budget to operate the chamber immediately, and also to plan a workable solution to membership fees.

Ruble Griffin appointed the following committee of persons to begin a preliminary plan to finance the chamber: Russell Chapman, Andre Arceaneux, Charles Dickson, and Edward Hall.

Congratulations...

To Richard Shadoin, Hancock County Chairman for the United Funds Drive, Mr. Shadoin reports: "We're over the top." This year's quota was set at \$27,500, up about \$3,000 from the 1968 quota. Next week's issue of The Sea Coast Echo will list firms whose employees participated 80 per cent or above.

Bay St. Louis Schools To Get Federal Funds

Bay St. Louis Public School System will eventually receive of the \$1,152,303.40 set aside for distribution to schools on the Mississippi Gulf Coast by the office of Education (Department of Education and Welfare), according to a statement made by Joe D. McCullough, Superintendent of City schools. McCullough said that these funds were made available by the Federal Education Act and were intended for "impact areas". He further stated that before a school could be eligible for these monies it must first with certain federal standards. "The Bay

St. Louis School System complied and was accepted as of September 10", explained McCullough "and it takes at least six months to process the papers."

McCullough added that he does not know at this time what amount of money will be awarded to Bay St. Louis, however, William M. Colmer, D.Miss., has said that funds come under Title I of Public Law 874 and impacted areas already assisted include Stone County School District \$39,715.88 with immediate payment of \$29,786.91; Ocean Springs municipal separate school district, \$17,495.43 with immediate

date payment of \$13,121.37, and Biloxi municipal school district \$361,742.23 with immediate payment of \$271,306.67.

Trustees Plan For Future Of Episcopal High School

Facing an inspiring challenge of resurrecting a new board for Christ Episcopal Day School, Inc., dug down to basic facts and figures last week planning for the future of the now functioning Christ Episcopal Church new high school. The corporation is composed of the eleven members of the church vestry and the eleven members of the school's board of trustees.

New members of the board of trustees announced by the Rev. Charles R. Johnson, rector of the church and headmaster of the school include Mrs. Maurice R. Wingo, Pass Christian whose late husband, Dr. Wingo was a trustee and one of the school's most ardent enthusiasts. Others named were Dr. George W. Byrne, Pass Christian; Guy Billups, Pass Christian; George H. Holladay, Jr., Gulfport; William L. Brown, Long Beach; William B. Kellogg and William M. Frisbie both of Bay St. Louis.

The buildings occupying the 10-acre of the former Simmons Estate at Pass Christian had been carefully adapted for housing the new Coast Episcopal High School, a part of the educational complex of Christ Episcopal Church was completely wiped out by the August hurricane.

WMS LUNCHEON

The Women's Missionary Society of the First Baptist Church Bay St. Louis, is sponsoring a covered dish luncheon, Tuesday, December 2 from 12:00 noon to 2:00 p.m.

Accident Claims Child's Life In Waveland

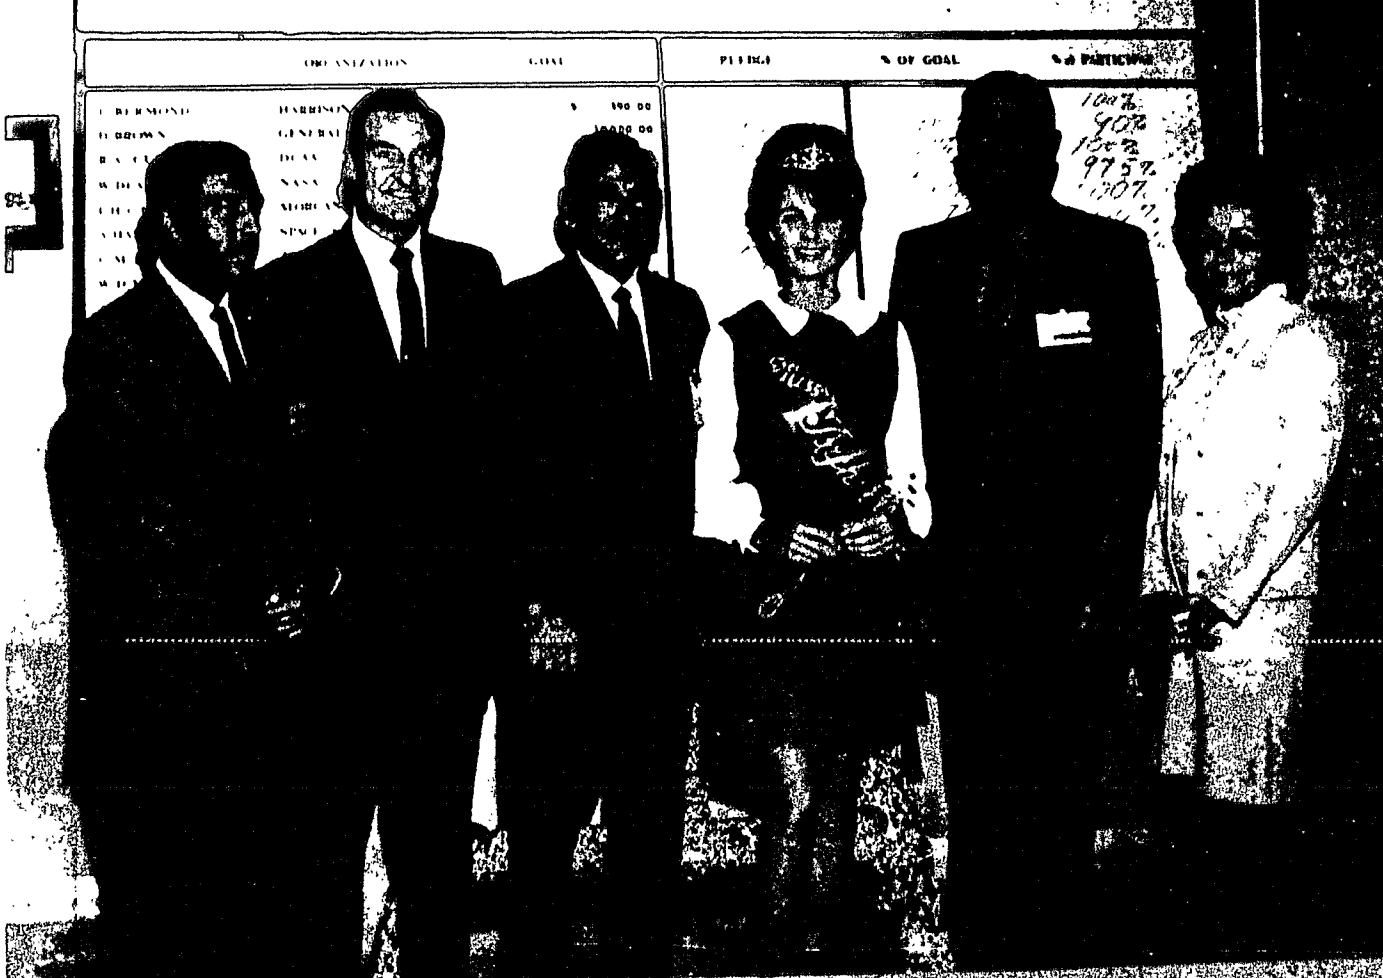

David R. Birdwell, Jr., two year old son of Mr. and Mrs. David R. Birdwell, Sr. of Goodlettsville, Tennessee, was dead on arrival at Hancock General Hospital Sunday, following an accident occurring near the temporary home of the Birdwells at the intersection of Coleman Avenue in Waveland. The child is said to have run into the path of an automobile driven by John E. Harville as he attempted to follow his mother to a small neighborhood store. Fred Bourgeois, marshal for the town of Waveland, investigated the accident and young Harville was charged with involuntary manslaughter and released under bond. No date has been set for the hearing.

girls that "something extra" so badly needed today. We do have an able, ingenious and dedicated teaching staff.

Continuing, Reverend Johnson added, "It helps, under the now existing conditions to have all our operations including the Bay St. Louis Christ Episcopal Church at one location. Regular church services are held in the school building with worshipers sitting at classroom desks. The old church building, a handsome gem was completely demolished by hurricane Camille.

"Plans for a new church building are now in a study and planning stage by the vestry."

1970 COMBINED AGENCIES CAMPAIGN REPORT

VICTORY LUNCHEON at the NARA Mississippi Test Facility celebrated the receipt from corporations and government employees there of \$110,000.18 for United Fund agencies in surrounding counties and parishes and national and international health and welfare organizations. Hancock County's United Givers Fund received \$10,081.70. Shown, left to right, are Harry Warner, President of the Board, Greater New Orleans Area United Fund; Richard Metz, President of

the Board, Hancock County United Fund; and Mrs. J. E. Shadoin, Chairman of the Combined Agencies Campaign at MTF. Betty (Mrs. J. E. Shadoin), Miss. J. E. Shadoin, and B. T. Albers, President of the Board, South East River District United Fund; and Mrs. James D. Ryan, President of the Board, Hancock County UGF.

Insurance Policy Holders Air Settlement Grievances

David Davis, State Insurance Commissioner, was not at the Friday Bay St. Louis hearing where policy holders were invited to air their grievances in connection with the settlement of claims received from insurance adjusters within area affected by hurricane Camille. 28 persons attended the hearing and Commissioner Woolley said they had one common - low offers by insurance company representatives.

Davis, was the attorney who questioned complainants. Davis at an earlier meeting held in Biloxi had stated settlements were not within the scope of his office, but rather with the courts.

An outstanding complaint was one of a Bay St. Louis resident who said his house had been crushed by his house his trees had crushed his house his adjuster had offered to settle for 40 percent of the loss. A loss of 40 percent of the loss. A loss of 40 percent of the loss. A loss of 40 percent of the loss.

Bay St. Louis felt his house was destroyed by a tornado and said his adjuster offered him \$140.

One woman said she had been offered 75.5 per cent of her insured loss. She wanted a better settlement on the grounds that "When I went to pay my premiums I didn't offer the company 75.5 per cent of the premium money."

Deputy Box said in an interview following the hearing that the commission could not require higher standards for adjusters under current laws governing licensing of adjusters. He added: "I would like to see the next legislature make more stringent the requirements for adjusters." About further hearings the deputy remarked: "With the relatively small number of people appearing at the hearings, among the multitudes who have insurance claims, at this point I see no need for more hearings."

should the need arise, Box felt hearings could be scheduled.

50th Wedding Anniversary Celebrated

Mr. and Mrs. L. J. Hindelang of Waveland and Gretna, La., celebrated their 50th wedding anniversary November 20.

The couple renewed their wedding vows at St. Anthony's Church, Gretna, at 6:30 p.m. with Rev. Gerald Poche officiating. A cocktail hour and buffet supper followed at Berdous Restaurant hosted by their son-in-law and daughter Mr. and Mrs. Felix J. Torgs Jr. of New Orleans, and their son and daughter-in-law Mr. and Mrs. Hindelang Jr. of Gretna.

Mr. and Mrs. Hindelang, the former Mildred Hausknecht of New Orleans, were married November 15 at Holy Name of Mary Church, Algiers. They have a son, a daughter, seven grandchildren and one great-grand daughter.

Mr. Hindelang is a retired employee of Wesson Oil and Snowdrift Company of Gretna. Attending the reception from Waveland were Mrs. E. N. Canady, sister of Mrs. Hindelang, Mrs. David Markey and Mrs. Mae du Treil.

Infant Baptized

Keeli Ann Wrensted, infant daughter of Mr. and Mrs. John Wrensted of Waveland, was baptized Sunday afternoon at St. Clare's Catholic Church with Rev. William Kennedy, Assistant Pastor, officiating.

Godparents are Miss Mary Wrensted, paternal aunt of New Orleans, and John L. Favre of Bay St. Louis.

A reception was held following the christening.

Bay Homemakers Meeting Held

Members and three guests of Bay St. Louis Extension Homemakers Club met last Tuesday at the Agriculture Center with Mrs. Elda Duke conducting the business session.

Mrs. Sam Niglaszo led members in reading the Homemaker's pledge and reports from secretary and treasurer were approved.

Mrs. Jeanne Williams reported on the previous council meeting and told of new club dues.

Plans were made for the annual Christmas party to be held at Ramada Inn at noon December 11.

A motion by Mrs. Leo Tancoul, seconded by Mrs. Cleveland Wyatt, to change the time of future meetings to 1:30 p.m. in lieu of 3 o'clock was approved.

Christmas decorations were exhibited and demonstrated by several members.

Mrs. Niglaszo and Mrs. Emilio Martini hosted the social hour.

Mrs. Wyatt and Mrs. Duke were named hostesses for the January meeting.

Enter Laughing Made Crowds Exit Laughing

Review by I-lace

The experience of the play "Enter Laughing" is a source of laughter to those who viewed him in his first leading role. Skillfully supported by long-time theater favorites Olive McKenna, John Scarfo, Harold Powell, and Sharon McKenna, who played his Jewish parents, his immigrant employer and his pretty young girl friend, Malone brought a freshness and sure sense of comedy to his exacting role. In this writer's opinion there was a ring of truth in his last lines—"I'm an actor! I trust I haven't kept you waiting too long!"

Comparative newcomers to local audiences, but playing other key supporting roles like veterans were, Floyd Wiltz as an off-Broadway actor, Betty Lou Ray, as his actress daughter, and Norris Sumrall, Jr., as Malone's eve-struck young friend, Nannette Madden, a glamorous secretary and Bob Strick as her self-sacrificing fiancé. Minor parts, vital to the story, were capably performed by Glenn Furr, Victor Frankiewicz, Jr., Jim Green of Wichita, Kansas and Bill Delaney of Falls Church, Virginia—the latter being members of the Small Business Administration Disaster Team, assigned to Bay St. Louis on temporary duty.

Waveland Council Undecided On Fund Distribution

The Waveland town council Wednesday night discussed disposition of We Care Funds entrusted to the community but reached no decisions.

Mayor Garfield Ladner said discussions centered primarily on possible use of the money as matching funds "for some type of programs."

He said the council has received "one formal application" from an individual but has not made a decision on it either.

The council, which is in recess, may meet again early next week, the mayor said.

Mayor Ladner commented he would like to see the We Care funds put to use before a Jan. 15, 1970, deadline when communities must account for use of the money distributed to areas hard-hit by hurricane Camille.

Of the \$134,500 allocated to Waveland, \$25,000 is being used toward rebuilding of St. Clare Elementary School, \$100,000 is temporarily invested in a government note and \$9,500 is held as cash on hand in a special fund.

Employment Service Continues County Manpower Survey

Effective Monday, November 24, 1969, the Mississippi State Employment Service located in the Agriculture Building on Necaise Avenue, resumed the Manpower and Economic Survey of Hancock County, which it was conducting at the time Camille struck on August 17. This survey is under the auspices of the Smaller Communities Program of the Labor Department, in cooperation with the County Board of Supervisors and the County Agent.

New local employees of the Employment Service will undergo a short training period in conjunction with this survey. At the same time, previously trained employees will continue taking job orders from local employers and construction

companies, and will assist job applicants in finding suitable employment.

May we remind employers seeking workers to come by our office and tell of your needs, or call 467-9473. Persons seeking employment are asked to come and fill out an application.

Presently, we have job orders for carpenters, carpenters' helpers, painters, laborers, clerical workers, cooks, waitresses, and bus boys. As usual, there will be no charges for services rendered by your local State Employment Agency.

St. Stanislaus To Be Represented At Annual Conference

Brother Celestine Alger, S. Celestine recently attended the C. will represent St. Stanislaus, Mississippi, meeting of the High School of Bay St. Louis, Southern Association held in Mississippi, at the Southern Association meeting in Jackson, Mississippi, on October 7, 1969.

St. Stanislaus has long been a member of the Southern Association of Colleges and Schools. The purpose of the association is to improve educational conditions and to bring about a closer relationship between schools and colleges. The association and member schools devote their energies and resources to programs of educational improvement, to research, and to studies of the social, scientific, and economic factors that affect the southern states.

St. Stanislaus carries on a continuous program of school improvement. A resume of this program is forwarded to the state committee of the association annually.

Organization Formed To Combat Social Problems

President Nixon has announced the formation of the National Center for Voluntary Action (NCVA) to combat America's pressing social problems. The Washington based NCVA will consist of private citizens working with government officials and will use private funds. President Nixon has consented to serve as Honorary Chairman.

Nixon's announcement included the appointment of Detroit industrialist Max M. Fisher as chairman of the NCVA. For the past six months Fisher has reported to Nixon as the President's special consultant on voluntary action.

"I am confident that the national program for voluntary action will be a significant and helpful instrument for enabling many more individual Americans to make their needed contributions toward solving the pressing problems of their neighborhoods, their communities, and their nation," Nixon said.

A non-profit, non-partisan government agency, NCVA is the result of a six-month study made by Fisher and George Romney, secretary of housing and urban development. Romney and Fisher have met with voluntary action leaders across the nation seeking information and advice on how to best realize the goal of a "creative partnership" between government and private citizens to carry out this national program for voluntary action.

The total national program will aim to:

1. Help to motivate vast numbers of citizens to get involved in local voluntary efforts.
2. Help in stimulating communities to mobilize for greater and more effective voluntary action.
3. Collect and transmit successful experience and expertise for strengthening voluntary action at all levels.
4. Stimulate all governmental levels to cooperate fully in voluntary efforts.
5. Achieve greater recognition of the role of voluntary

action and those individuals, organizations and communities which excel in their contributions.

Nixon also appointed W. Clement Stone, a Chicago insurance executive and civic leader, to serve as finance committee chairman of the NCVA. He also named a nominating committee which will propose 80 to 90 private citizens for membership on the NCVA's board of directors.

Nixon held a conference involving several hundred leaders representing every facet of American life will meet in Washington this winter. Conference participants will have an opportunity to discuss the future of the NCVA, the overall mission of the program and their participation in it.

For Women Only

Written in co-operation with YOUR COOPERATIVE EXTENSION SERVICE

In the year 1621, Pilgrim housewives had many of the same Thanksgiving problems as homemakers of today. For instance, what to do with leftover turkey. According to Governor Bradford's diary, they prepared a Thanksgiving feast that included, "as much fowle as with a little helpe beside, served the company almost a week."

That must have been a lot of turkey, because the Governor invited Chief Massasoit and ninety of his Indian braves to join his hardy band of fifty-four Pilgrims for the first Thanksgiving dinner.

Pity the poor Puritan women cooking turkeys and pumpkin pie with their primitive fireplaces and ovens. It was a far cry from today's electric ovens and electric rotisseries. But there are a few things the early pilgrims did to celebrate Thanksgiving that we might well borrow today. Here are a combination of "then" and "now" hints suggested by the Bayer Company for the celebration of Thanksgiving.

Hang a basket filled with autumn leaves and Indian corn outside the front door for a decoration.

Make a ceremony with the children of breaking the turkey wishbone.

Pack small wicker baskets from the five and ten cent store with goodies for guests to take home: cookies, nuts, a bunch of grapes, some turkey slices and dressing wrapped in foil.

Make a centerpiece by filling a wooden bowl with bitter-sweet and arrange a variety of nuts in it. Or hollow out a pumpkin, set a jar filled with water inside and fill with chrysanthemums.

Keep a bottle of aspirin handy. Aspirin will help relieve the headaches that often come from preparing dinner for a big crowd on one of the biggest holidays of the year.

And for something a little different, menu-wise, try these suggestions. For oysters, serve Oyster stew in mugs in the living room before dinner. Chop a quarter of a cup of pecans and press them into the pie crust before you add the pumpkin pie filling for baking.

Combine hot mashed yellow turnips with hot mashed potatoes for a delicious surprise.

Make turkey-shaped cookies for the children to munch on.

And, finally, plan dinner for a time that won't interfere with the men watching the football game.

Mrs. Nunez C. Pilet submitted the two following salad recipes for the holiday season. Both are festive and can be prepared well in advance.

GUACAMOLE SALAD
1/2 cup cold water
2 envelopes unflavored gelatin
1/2 cup boiling water
2 large avocados, peeled and cut into pieces
3 tablespoons lemon juice
1 cup sour cream
1 1/2 teaspoon salt
1 teaspoon chili powder
1/4 teaspoon Tabasco

Put cold water and gelatin into blender and process to soften gelatin then add boiling water, add remaining ingredients and process until smooth and well-blended. Pour into a 4-cup mold and chill until firm -- about four hours or over-night.

Favorite Autumn Pie

Round up your family for a real autumn feast. What better way is there to welcome the holiday season! Serve pumpkin pie as a pre-Thanksgiving treat or a post-holiday pick me up. It suits this time of year perfectly. The filling is always delicious because corn starch makes it smooth and creamy.

Pumpkin Pie
1 (9-inch) unbaked pastry shell
3/4 cup sugar
1 tablespoon corn starch
1/2 teaspoon salt
2 teaspoon ground cinnamon
1 teaspoon ground ginger
3 eggs, slightly beaten
1 1/2 cups canned pumpkin
1 1/2 cups milk

Mix sugar, corn starch, salt, cinnamon, ginger and eggs in mixing bowl. Add pumpkin and milk; mix well. Strain. Pour into pastry shell. Bake in 400°F. (hot) oven 15 minutes; set oven temperature control to 350°F. Bake until knife inserted into filling 2 inches from edge comes out clean, about 40 minutes. Center of pie will be soft, but will be firm when pie is cool.

CRANBERRY MOLD
1/4 cup cold water
1 envelope unflavored gelatin
1 3 oz. package cherry gelatin
1 cup boiling water
1 orange - seed, peel, remove membrane.
1 grated orange rind
1 pound can whole cranberry sauce.
Put cold water in container and add gelatin and boiling water, blend in orange rind and remaining ingredients. Pour into a mold and chill until firm. Looks pretty when served on lettuce leaf.

Do you have a special holiday recipe, decorating tips or time-

Announce Honor Roll

Sister James, Principal, St. Rose De Lima School, announced the following students made the honor roll for the first quarter:
Eighth Grade, Norman Smith; seventh, Donald Smith; fifth, Emily Alexander; third, Marie Lizaña, Lydia Labat, Honorine Hazeur and Tony Raboteau; and first grade, Marguerite Lizaña and Eric Labat.

MRS. SHERLIN BRELAND OF BAY ST. LOUIS ACCEPTS DELIVERY OF HER NEW CAR FROM BROTHER-IN-LAW J.C. KOENENN AT LAMAR-LANE CHEVROLET.

Mrs. Sherlin Breland of Bay St. Louis needed a new car so she naturally had to buy one from her handsome brother-in-law J.C. Koenenn at Lamar-Lane Chevrolet. At Lamar-Lane Mrs. Breland had a large selection of cars to select from, she picked out one and asked J.C. for the best deal. J.C. gave Mrs. Breland a Lamar-Lane price that she just couldn't turn down. Mrs. Breland knows that the service department at Lamar-Lane is one of the best in our area, that all of their personnel are factory trained and experts in their fields. Mrs. Breland recommends Lamar-Lane Chevrolet to all of her friends who might need a new car or truck and for them to be sure and see J.C. Koenenn, for he could save them many dollars on a new car, truck or station-wagon.

LAMAR-LANE CHEVROLET, INC. Mrs. Sherlin Breland

Debris Clean-Up Will Continue

According to a report from Rep. William M. Colmer (D-Miss.), the U.S. Corps of Engineers will complete debris clearance already underway in Hancock County. The congressman had forwarded a letter to the Hancock County Board of Supervisors from Gen. G. A. Lincoln, director of the Office of Emergency Preparedness, which indicates the Corps will continue to work until the debris was cleared, regardless of how long it would take.

The current work is covered by the Public Law 875, which allows emergency work in places designated as a disaster area by the President. However, once the Special Disaster Act of 1960 is complete and signed by President Nixon, it is expected that the county will be able to finish the clean-up work through private contractors.

Board of supervisors president, Russell Elliott, said once the Act is signed, former guidelines will be published so county people will know exactly where they stand on financing and handling of the debris clearing.

Bay Girl To Begin Student Instruction

Miss Kathleen Maloney of Bay St. Louis is one of 200 young men and women at the University of Southern Mississippi who will take up their duties as student teachers in schools located for the most part in South and Central Mississippi.

During the three months of the winter quarter these eager young people will take their places beside regular classroom teachers and will observe, assist and gradually direct many of the same activities engaged in by the supervising teacher.

Most of those reporting for their three-month stint are seniors or juniors, all are eager to develop the skills and competencies necessary for beginning teachers, providing them with a realistic evaluation of their potential as prospective full-time classroom heads after their graduation.

Special Education Class Sponsored By Ole Miss

A young child was deliriously happy when he learned to spell his name consistently in correct form after four years' schooling. Another was triumphant when he was able to identify colors properly. Minor achievements? Not so when you are seven or eight or nine and the world appears to be leaving you in its dust.

Twenty-three University of Mississippi students are helping work these small miracles free of charge each week in a volunteer program designed to assist youngsters with special learning difficulties.

The activity is one of several unusual services provided in a five-county area by the new Special Education Services Center in Oxford, established last year under Title III National Defense Education Act funds.

In addition to specialized volunteer tutoring, the Center provides screening and testing in such areas as vision, speech, and hearing. Any child with a learning disability or problem in Calhoun, Yazoo, Panola, Marshall or Lafayette Counties may be referred to the Center by a parent, teacher or principal.

Vernon Metcalf is director of the Center, and Mrs. Dianne Clark is coordinator of the volunteer program.

One of the Ole Miss volunteers is Tootie Harvey of Columbus, Special Education student, who said her reasons for volunteering were partly humanitarian, partly professional.

"I wouldn't be in Special Education if my motives weren't humanitarian," she said.

This way, I not only learn more about how they learn but I get satisfaction from seeing them achieve.

Education if my motives weren't humanitarian," she said.

Young Churchmen Aid In Clean-Up

Scouts from other places have been very helpful and we have had repeated work-visits from members of the Christ Episcopal Church at St. Louis, La. Clergymen from Mississippi, Louisiana and Alabama have been laboring by our side for weeks.

"We have had so many contributions of clothing and household effects that we now have a storage problem. We badly need school equipment, teaching material and apparatus, and not least of all money with which to get our new church underway," Rev. Agnew concluded.

As a result of the Christian mission of these wonderful people, the grounds of the Christ Episcopal Church and its school are as well as homes and schools of at least fifty of our people have been cleared of broken trees and all kinds of debris.

MR. AND MRS. HERBERT LANOUX STAND ALONG SIDE THEIR 1970 BEL AIR FOUR DOOR SEDAN JUST PURCHASED FROM FRITZ PERANICH, SALESMAN AT LAMAR-CHEVROLET.

Mr. and Mrs. Herbert Lanoux wanted a new 1970 car. They went to Lamar-Chevrolet and talked to salesmen Fritz Peranich. Fritz showed the Lanoux's the 1970 Chevrolet on their huge new lot. After looking at the large selection the Lanoux's picked out a 1970 Air four door sedan and were well pleased with the car. The price they got from Fritz Peranich, the word of the good deals given on 1970 Chevrolets by Lamar-Chevrolet, new shipments arrive weekly, they have their 1970 Chevrolet on their lot now. Mr. and Mrs. Lanoux want to recommend Fritz Peranich and Lamar-Chevrolet to all of their friends thinking about buying a car. If you want to buy a new car, the place to go is Lamar-Chevrolet and ask for Fritz Peranich, he could save you many dollars.

KANTCHA KETCHUM
 By L.S. (Doc) Elliott

Just imagine going about five miles from home to kill game and catch fish of all description. Hunting and fishing is at its best right now. Speckles are being caught most everywhere and will bet better a little later. A trek in the woods shows rabbits, squirrel, doves and when the duck season opens ducks and a few geese can be killed.

What is better than a camping trip up the river or bayou when you camp next to nature. Camping meals always taste better with coffee made the boy scout way by water being boiled in a pan, coffee thrown in and when made, strained in a rag or a new clean sock. No percolator, coffee but strong enough to stain the cup. Fish and game fried, barbecued over a fire made in a hole in the ground with good old oak wood, whose smoke adds flavoring to the food. Ask those who do it.

Then a trip in the skiff where fish can be caught while a rabbit or squirrel can be killed along the bank of the river or bayou. That's living to real sportsmen. Give it a try you'll like it.

Was a pleasure to meet some of the boy scout members of my troop, way back. Among them

After a long time to see, talked with Johnny Bonck, Jr., son of the late Harry Bonck, residents of the Bay. John is still hunting and fishing. He resides in New Orleans and is President of the J. H. Bonck Co., who make Tulane shirts.

Earl Garcia and his wife, Nina, have been getting their share of speckles, snappers, bull croakers, etc., on dead bait. Both are ardent fishermen and use their boat to advantage. Jordan River is their second home as they put it.

About time Norman Benigno makes that annual dove hunt. He loves to go to Parchman where he always gets his limit of the prized birds.

Haven't heard from Geo Seal lately. Wonder how he is doing with his fishing.

Gene Davis is planning to go to Colling shortly. Gene visits his son-in-law, Dr. Kelly Folse who does quite a bit of dove shooting. There are plenty doves up that way.

Dr. Emile Bertucci and August Rouzet are at it again. They killed the limit of doves and ducks over in Louisiana. Pretty busy they don't get to go too much.

David Carter is another of our natural born hunters and fishermen. David has been killing ducks and catching fish out in the Louisiana marshes. Thanks for the ducks, David.

Another of our hunters and fishermen, Keen Rouzet, joined the matrimonial group. He was married last week. Congratulations fellow. Should have a new fishing and putting partner.

Frank Snodgrass, a new-comer has joined our fishing tribe. Frank has been sneaking out and getting his share of fish.

Green trout have not been hitting up in part. Maybe Camille and exceptions for trout tides have shook them up.

Fishing ponds were kinder crowded Thanksgiving Day. Most folks had a holiday and took advantage of it. The stay at home football with a stomach full of food.

Major Warren, thinking if a good weekend on a fishing trip tastes better than a full meal at home, you're right.

Bud Craig loves his raccoon hunting. He has some swell dogs. He would like plenty of them. Fox tracks can be found on most parts of local bayous.

Your Truly will spend Thanksgiving in Jackson with our daughter and family. Will get in some fishing and golfing.

If you have a fish too big to fry, fillet it. With a sharp knife, make a deep cut (to bone) down the back from head to tail, as close alongside the back fin as possible. Make another deep cut down the other side of the fins. Then turn the fish on its side, belly toward you and cut the tail on either side. Fish with the skin on makes it firmer when fried. Some folks like fish skinned.

Petroleum Foundation Offers Scholarships

Bay Senior High School has announced that the Pan American Petroleum Foundation will offer four year scholarships in Geology, Geophysics and Petroleum Engineering.

Scholarships start at \$700 for the freshman year and progress \$100 each year to \$1000 for the senior year with maintenance of a "B" average. Each provides \$3400 for the fourth year period.

To qualify, a student must be a high school senior and have a "B" average. Winners are selected on the basis of demonstrated ability and potential without regard to means. Universities administer all phases of the scholarships. Extra Curricular activities are also considered.

Billy Seals, director of guidance at Bay High can provide those interested with further information, brochures and applications.

claim to be a fisherman but when it comes to eating fish he will be there. Will have a fish fry one of these nights, Buddy.

Pete Gillan and Eddie Poyadeau are painters. They take jobs as such and are experts when it comes to catching hard crabs and using a cast net. Oystering is also one of their hobbies. They can be found on Hancock Ave. For those who don't know the above street it is the continuation of deMontluzin Ave.

Jack and George Seuzeneau got a nice catch of big reds. George said where they got 'em is a military secret. Jack also files out to Free Mason to fish. His wife Doris, also catches her share of fish.

Another group of carpenters to hit the Bay are Ollis Blood, son Luke and Haven Mayers. They are from Alexandria, La. When not at work they take to the woods where they hunt and fish. A good bunch of sports.

Remember to get that duck stamp. Before going duck and goose hunting. It's a must!

Boule Blanchard doesn't hunt or fish much. He shoots golf balls and is pretty good at the game. Haven't seen much of Martin lately.

Keep that old shooting iron well greased. Salt water is hard on them and rust hurts.

Carry a rain coat these days. A cold can knock out a lot of hunting and it will keep your powder dry.

MR. AND MRS. DONALD G. ISABELLE
**Miss Vallerie Garrett
Wed To Donald Isabelle**

Miss Vallerie Ann Garrett, daughter of Mr. and Mrs. Clarence Garrett of Bay St. Louis, became the bride of Airman Donald Gene Isabelle, son of Bennie Isabelle and the late Mrs. Isabelle of Pass Christian, in a double-ring nuptials November 15 in St. Rose de Lima Catholic Church.

Rev. Wilbert White, S.V.D., celebrant of the Nuptial Mass, performed the ceremony before an altar trimmed with arrangements of white gladioli and greenery. Fraters Ken Antich and Rory McFee, St. Augustine Seminary, sang the guitar accompanied Mass.

Given in marriage by her father, the bride wore an A-line style white bridal satin gown fashioned with a bateau neckline and long sleeves. A long lace, re-embroidered in sequins, trimmed the full-length train and dress.

Her elbow-length veil of illusion was attached to a satin pillbox edged with lace and she carried a bouquet of white pom-pom chrysanthemums.

Miss Pamela Dedeaux of Deslisle was the bride's maid of honor and Miss Vanette Farve was bridesmaid.

They wore floor-length dresses of yellow peau de sole

fashioned on empire lines with bands of lace on the bodice. They wore white bows in their hair and carried cascades of pink carnations.

Kenneth Welch Pass Christian, served the bridegroom as best man, and Louis Morgan, Pass Christian, was groomsmen.

A reception was held in St. Rose de Lima School cafeteria where the bride's table, overlaid with a lace cloth, was centered with a four-tiered cake trimmed with pale pink spun sugar roses. The traditional bride and groom decorated the top tier and fern and white mums completed the table decor.

Mrs. Edwin Maurice of Bay St. Louis presided at the cake table and Mrs. Ernestine Bobo, and Mrs. Cecile Dedeaux, Pass Christian, sisters of the bridegroom, were at the punch table.

A graduate of Bay Senior High School, the bride is presently employed as a secretary at St. Augustine Seminary.

The groom, a graduate of St. Rose de Lima School, is with the U.S. Air Force stationed in Dover, Delaware, where the couple will make their home.

**Homemakers
Meeting Held**

Mrs. Edward LeVasseur was installed president and Mrs. Maurice George, secretary of Waveland Extension Homemakers Club at the November 18 meeting with Mrs. K. T. Breland as installing officer.

The meeting was held in the home of Mrs. LeVasseur with Mrs. Breland and Mrs. G. E. Baul as co-hostesses.

The session opened with the pledge of allegiance led by Mrs. Earl Gates. Mrs. George presented minutes of the previous meeting and reported on the recent council meeting and Mrs. Bernard Dushr, treasurer, gave her report.

Plans for making Christmas gifts for needy children were discussed. Mrs. E. V. Aime was a guest of the group. The December meeting will feature a luncheon and Christmas party.

MISS CHARLOTTE GLASS
**Parents Club
Meeting Held**

Our Lady of the Gulf Parents Club met Thursday night in the school cafeteria with A. C. Jones, president, conducting the business session.

Gerald Vitek of Columbus, Ohio, and Bill Williams of Jackson, guests of the group, showed film depicting the Christian Brothers vineyards in California.

Mrs. E. V. Aime was appointed room mother chairman. Plans for the annual S.J.A. carnival ball, sponsored by Our Lady of the Gulf Parents Club, were discussed, and it was voted to stage the ball again this year.

Sister Cynthia, principal, thanked the mothers for their cooperation during the recent parent-teacher conference.

The attendance prize was won by Mrs. Gilbert Gayaur's fifth grade room and door prizes were given to Pat Murphy, A. M. Thomas and H.P. Williams.

HUD Housing

Edward H. Baxter, Regional Administrator for the Department of Housing and Urban Development today announced the opening of a HUD Housing Information Center in Gulfport, Mississippi, to help residents repair and rebuild homes destroyed by Hurricane Camille.

The Center, which is under the direction of Rupert H. Tullos, will serve as a clearinghouse for all public and private housing resources including possible financial assistance for repairing and rebuilding destroyed or damaged homes.

The Center will also maintain an inventory of available housing units and provide information to builders and individuals about available HUD programs and how they may qualify.

The Center is in the Downtown Building at 1401 24th Street, Gulfport, Mississippi 39501. The telephone number is (601)863-6151.

**Miss Glass,
Mr. Call
Tell Plans**

Mr. and Mrs. R. P. Glass of Waveland announce the engagement and forthcoming marriage of their daughter, Charlotte, to Mr. David P. Call, son of Mr. and Mrs. R. E. Call of Waveland.

The wedding will be solemnized at 2:00 p.m., December 28th in St. Clare's Catholic Church in Waveland.

Mrs. Glass will serve her daughter as matron of honor; Mr. Call will be his son's best man.

The bride-elect is a 1969 graduate of Bay Senior High School and is presently attending Phillips Business College in Gulfport.

Mr. Call is also a 1969 Bay Senior High graduate, and is presently at the Naval Training Center, Orlando, Fla.

PRESENTATION OF OFFICERS featured a dinner meeting of the Coast Counties Medical Society at the Buena Vista Hotel in Biloxi. Shown above are, from left: Dr. R. F. Gates, Gulfport, president; Dr. A. K. Martindale, Bay St. Louis, retiring president; and Dr. Paul Horn, Biloxi, president-elect.

Pearl River Downs Holmes Wins Championship

The Wildcats of Pearl River Junior College ended a perfect football season Friday night in Poplarville's Doble Holder Stadium by whitewashing the Holmes Junior College team 54-0.

The victory gave the Pearl River aggregation not only a 9-0 record but the Mississippi Junior College championship as well.

The Wildcats scored in the first period on a 30-yard pass from Willie Heideberg and Glenn Pepton added the extra point kick.

Heideberg scored again in the first period on a 30-yard pass from quarterback Steve Worrell but Pepton's extra point kick failed.

In the second period Kim Sones tallied on a 35-yard scamper and Pepton kicked successfully.

Again in the second period John Pilot Lee went over from the end and Pepton added the conversion.

The final second period score came on a 44 yard pass from Dennis Wilson to Richard Brantley but the point attempt failed as the Wildcats led 33-0 at halftime.

In the third period Terry Shantz hit Richard Brantley with a 32-yard scoring pass and Brantley kicked the extra point.

In the fourth period Wilson passed to Sylvan Ladner for 16 yards and a score and Pepton kicked the extra point successfully.

The final score came late in the period on a 16-yard run by Heideberg and Pepton kicked his final extra point of the night.

In addition to Bay St. Louis, Steve Worrell and Sylvan Ladner mentioned in Pearl River scoring, four other participants in the victory are from Bay St. Louis. Lettermen J. Rosato, a defensive back and Greg Presnell offensive and defensive guard; Freshmen defensive back William Redo who played football at Bay High and fullback Edward Whavers a former Valena C. Jones player.

Christ School PTA Officers Elected

Mrs. Roger Crull was elected president of Christ Episcopal Day School P-TA at Monday night's meeting.

Others named to office were Mrs. B. Whitehead, vice president; Mrs. C. Randall Jones, secretary, and Mrs. Roger Castell, treasurer.

Plans for the annual book fair for the benefit of the school library were discussed. It was announced the fair will be held December 3-5 in the school library and will be open to the public from 9 a.m. to 3 p.m. on those days.

Following the business session classrooms were open to the parents to give them an opportunity to meet the teachers and view the work of their children.

Tiger Lily Club Plans Workshop

A Christmas display workshop scheduled for December 16 was discussed when Bay Senior High School Tiger Lily Garden Club met last Tuesday.

Mrs. Richard Sallinger gave a demonstration on making Thanksgiving arrangements using fresh fruit, vegetables and dried materials.

Mrs. J. E. Erwin, group Counsellor discussed the horticulture project which includes planting bulbs and other plants in the area surrounding Bay Senior High School. Mrs. Erwin noted the beds will have to be reconditioned with new soil before planting.

The next meeting will be held at 11:30 a.m., Tuesday, December 2, in the Home Economics room.

New Income Tax Form

The Internal Revenue Service has introduced a new version of the familiar income tax form 1040 that consolidates the old long form and the short card 1040A.

Seventy-seven million people are expected to file their 1969 returns on the new red, white and blue Form 1040, unveiled Thursday night. It includes a separate sheet for those wishing to itemize their deductions. Taxpayers who do not itemize can merely discard the extra form and accept a standard deduction as they did with the old 1040A card.

One portion of the new form that is in red—calls attention to sections where mistakes are commonly made, such as that-
